

Hickory Elementary School opened in 2002. Since our school's opening, Hickory has maintained its "Four-Star School" status. Our school's success is a result of a dedicated group of staff members and active and supportive parents. The teachers and staff at Hickory Elementary have dedicated themselves to providing a nurturing, yet challenging learning environment for all children.

As the principal at Hickory Elementary School, I encourage parents and family members to become actively involved in our school's activities. Parents can become involved in our school by volunteering to assist in our classrooms, attending PTO meetings, and assisting during special events and activities. We welcome your support and involvement!

We are expecting exciting things during the 2011-2012 school year, and our desire is that all of our students reach their full potential this year. Please check our website regularly as new information will be added throughout the school year. I encourage all of our parents and teachers to maintain open lines of communication. If I can be of any assistance to you, please contact me at [sacollins@avon-schools.org](mailto:sacollins@avon-schools.org).
